Continuation of Substance of Interview including description of the general nature of what was discussed: The applicant's representative, Peter Yim mentioned that the "Error-Correcting Codes" by William Wesley Peterson and E.J. Weldon, Jr., second edition, 1972, printing 1996, pp. 296-299 and "Cyclic Decoding Procedures for Bose-Chaudhuri-Hocquenghem Codes", IEEE Trans., IT-10, pp. 357-363 should be considered in the Information Disclosure Statement (IDS) filed on 12/14/2006 with the RCE. The "Error-Correcting Codes" document was filed with the IDS and the RCE but it was not mentioned in the IDS. Hence, the examiner entered "Error-Correcting Codes" by William Wesley Peterson and E.J. Weldon, Jr., second edition, 1972, printing 1996, pp. 296-299 in the PTO-892 form, Notice of References Cited by examiner. The examiner considered both non patent literature documents.
